

Insulated Pillar Box Mat Class 0 1000V AS/NZS IEC 61111 - Volt Safety

Electrical insulated mats isolates the operator from the ground and protects the worker from ground potential.

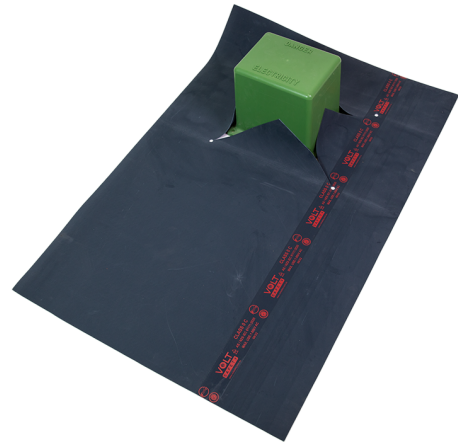

This mat is designed to be placed around a pillar, while providing room for the worker to be isolated from ground potential.

Key Features:

- Size: 1m x 1.5m
- Class: Class 0 1000V
- Thickness: 2.2mm
- Weight: 4.8kg
- Colour: Grey
- Manufactured with EPDM rubber to ensure flexibility and protection against ozone cracking
- Anti-slip finish on both sides
- Designed to be placed around a pillar while still providing effective insulation against the electrical hazard.

Standards:

- AS/NZS IEC 61111
- IEC 61111
- C - Resistant to extremely low temperatures
