

## Hioki 3490 1kV Analog Insulation Tester

The Hioki 3490 1kV Insulation Tester features all-in-one designs including built-in rugged cases and test lead storage compartments.

The 3490 is a 3-range, 250/500/1000V analogue insulation resistance meter with efficient functions and features to help shorten work time associated with field insulation testing.

### Key Features:

- Size: 159mm x 177mm x 53mm
- Measures Insulation Resistance (up to 4000 Mega ohms), AC Voltage (up to 600V) and low resistance (up to 30 Ohms)
- 3 Output Voltages for testing - 250VDC, 500VDC and 1000VDC
- Backlit LED to see the analogue screen in low light environments
- Durable 1.2m length test leads to take measurements
- Zero ohm adjustment to ensure correct readings
- Continuity Check at 200mA at 3 Ohm range

### Standards:

- CE
- IP40 (Excluding terminals)
- EN61010, EN612326
- EN61557-1, -2
