

## Boom Prewash Wipe - Polywater

Polywater Boom Prewash Wipe safely removes unwanted contaminants from fiberglass boom arms and buckets to prevent tracking hazards. The Polywater Boom prewash is water soluble and washes off by rinsing with water.

### Key Features:

- 600mm x 600mm Wipe
- Convenient, pre-saturated, lint-free wipes in two sizes
- Large and durable for maximum surface coverage
- Won't remove or adversely affect gel coat & prevents "build-up" over time
- Powerful cleaner removes grease, dirt, tar, and grime
- Removes road and sea spray salts (salt water is more conductive)
- Water soluble for easy water rinsing

### Standards:

- OSHA CFR 29 Part 1910
