

Electrical Insulated Glove Kit Class 00 500V - Volt Safety

Volt Safety Electrical Insulated Glove Kit - Class 00 500V is ideal for anyone working within the electrical industry. We all know when you are working with electricity there are occupational hazards, primarily Electric Shock and Arc Flash. These kits come complete with everything you need to protect yourself with, use, store and maintain your gloves. They of course come complete with a current test report.

Insulated gloves offer personal protection against electrical shocks when working on or near electrical equipment. They come in different classes and sizes to accommodate for every individual, task and scenario.
