

Arc flash Faceshield HRC2 10.7cal/cm2 - BSD

BSD's Arc flash HRC2 Faceshield is suitable for low risk Arc flash situations, and includes a chin guard for strength and protection in case of an Arc flash incident. BSD's Faceshield fits most standard peaked hard hats.

Key Features:

- Hazard Risk Category: HRC2 10.7cal/cm2
- Includes:
 - Arc flash HRC2 Faceshield
 - Anti-fog Spray Kit
 - Faceshield Carry Bag
- Universal Fitting system ensures the Faceshield fits most standard peaked hard hats
- High Impact (Class E) helps assist against impact in the case of an Arc flash incident
- Faceshield comes with a protective bag to protect Faceshield surface
- Clear/Light Smoke Tint ensures true colour retention
- UV breakdown resistant for further durability
- Tough chin guard provides extra protection

Standards:

- AS 4836
- ASTM F2178
- ANSI/ISEA Z.87.1-2010
- EN ISO 16321 Class E
