

Arc Flash Faceshield with Petzl Helmet HRC2 12cal/cm2 - BSD

BSD's Arc flash HRC2 Faceshield and Petzl's Vertex Height Safety Helmet kit is suitable for low risk Arc flash situations at any sort of height. Arc flash PPE combines clothing and safety equipment to allow operators to be efficient and safe around Arc flash environments.

The Petzl Vertex Height Safety Helmet is the benchmark for head protection for workers at height. Packed with features and a AS/NZS 1801 certification, the Petzl Vertex is an excellent choice for any work at heights. Paired with BSD's durable HRC2 Arc Flash Face shield this kit can also provide protection during an Arc flash incident.

Suitable for working in HRC2 environments up to 12cal/cm2.

Key Features:

- Faceshield:
