## Product Data Sheet

- Operating Temperature: -10C - 65C
- Made in Australia
- Suitable to combine with most insulated sticks
- Multiple models to detect different voltage ranges
- Comes with 3 x C batteries to ensure on-site readiness
- Self test function to verify tester is working appropriately
- Easy selection wheel to change voltage source detection value
- Loud 85dB buzzer sound to allow for audible detection of voltage source
- Bright red detection light allows for visual detection of voltage source in noisy environments
- Identification of the voltage source detection values from 200mm - 300mm away from the voltage source
